DEPARTMENT LIBRARY:

MOTTO:

Libraries were full of ideas—perhaps the most dangerous and powerful of all weapons.

No of Volume/No of Titles:

S.No	Domain	No of books
1	Artifical intelligence	14
2	Computer Architecture	17
3	Complier Desgin	13
4	Cryptography and Network Security	9
5	Computer Graphics	8
6	Computer Programming	9
7	Computer Networks	8
8	Distributed System	9
9	Data Structure	13
10	Design& Analysis of Algorthim	17
11	Database Management System	4
12	DataWare Housing and Data Mining	4
13	Graphics & Multimedia	1
14	Grid and Cloud Computing	8
15	Human Computer Interaction	3
16	Internet Programming	6
17	Mobile Computing	7
18	Multi-Core Architecture & Programming	7
19	Opearting System	14
20	Object Oriented Programming	7
21	Object Oriented Analysis and Design	16
22	Problem Solving &Python Programming	4
23	Resourse Management Techniques	8
24	Software Engineering	14
25	System Software	4
26	Software Project Management	4
27	Software Testing	3
28	Theory of Computation	14
29	Web Technology	3

Total Number of Books:248
