About the Institution

“An investment in knowledge always pays the best interest.”

Nadar Saraswathi College of Engineering and Technology, established in 2010, aims to uplift rural students and nurture them into skilled engineers and responsible professionals. The institution emphasizes excellence in teaching, along with research, innovation, and service to society.

The college provides strong academic support and is set in a green, peaceful environment that promotes effective learning and personal growth.

About the Departments (CSE, IT and AI&DS)

CSE (Computer Science and Engineering)

- * Focuses on core computing concepts like algorithms, programming, and software development.
- * Equips students with problem-solving skills for real-world applications.
- * Prepares graduates for careers in software, systems, and research.

IT (Information Technology)

- * Deals with application of computing in managing data, networks, and systems.
- * Emphasizes practical implementation of technologies in industries.
- * Prepares students for roles in networking, database management, and IT services.

AI & DS (Artificial Intelligence and Data Science)

- * Combines AI techniques with data analysis to extract meaningful insights.
- * Focuses on big data, predictive modeling, and data-driven decision making.

Scope of the Conference

ICRTT-2026 provides an international platform for researchers, academicians, engineers, industry professionals, and students to share innovations and research in Computer Science and emerging digital technologies.

The conference highlights advancements in AI, Data Science, Cyber Security, Cloud Computing, IoT, and Smart Systems, promoting collaboration and solutions for real-world challenges.
